Dear Mr. Gross:

This is in response to your letter of August 8, 1977, addressed to Johnson and Johnson, New Brunswick, inquiring about the ingredients in the SINE-AID®, sinus headache tablets.

In addition to the ingredients declared on the label (aspirin and phenylpropanolamine hydrochloride) SINE-AID Tablets contain excipients. These excipients are not derivatives or by-products of meat, milk or wheat.

We appreciate your interest in our products.

Very truly yours,

McNEIL LABORATORIES, INC.
